### **Course Description**

Resource Intervention is a course designed to provide individualized instruction to meet the specific needs of each student. Instruction is based upon student IEP goals and objectives. Resource Intervention helps promote confident and independent learners. Grades are not awarded for this class. This will be posted on the Otus platform for progress reports and report cards. **Skyward will no longer be used for communicating whether a student has passed or failed the course.**

### **Focal areas of instruction are IEP specific and may include:**

- Reading Fluency and Comprehension
- Written Language
- Math Computation and Application
- Organizational Skills
- Executive functioning training and support

### **Expectations**

Students are expected to be responsible, respectful, and safe by:

- Being on time
- Using class time wisely
- Coming prepared with class assignments, materials, and supplies
- Participating in class activities/discussions
- Staying positive, attentive, and on task
- Following the Panther Path
- Learning and have fun

**\*\*Please review your child's assignments nightly and check to make sure their homework is completed and returned.**
