

# Community Unit School District 201

Every school district is required to report to the U.S. Department of Education each year student data by race and ethnicity categories that are set by the federal government. The Department of Education does not report individual student data to the federal government but does report the total number of students in various categories in each school. These reports help us keep track of changes in student enrollments and ensure that all students receive the education programs and services to which they are entitled.

Please complete both Part A and Part B for your student based on the U.S. Department of Education race and ethnicity categories. Part A asks about the student's ethnicity and Part B asks about the student's race. If you decline to respond to either question, the school district is required to provide the missing information by observer identification.
